ALUMINUM SIGN & WAY FINDING SYSTEMS

## ABOUT US

Our company was established in 2015.

We offer a full service of aluminum profile cutting and mounting.

We hold professional equipment for profile cutting and manage the convenient system of profile and ready system production, placement and storage. Our employees have professional working places for professional mounting works.

A great experience in working with many suppliers, as well as own developments. We offer:

1. The services of aluminum profile cutting and mounting
2. More than 500 ready solutions in our catalogue
3. Non-standard solution production on customer request
4. Free professional training, which consists of 3 classes:
  - Room information signs: preparation of the product estimation. Mounting systems
  - Aluminum profile systems for outdoor pylons, sign systems and display production
  - Ready solutions for displaying the printed materials: mounting of posters, banners, textiles.
5. Support of product estimation.
6. Product package and delivery.

We invite advertisers, designers and decorators for successful cooperation.

## CONSULTATIONS

## PRODUCTION

## YOUR BENEFITS

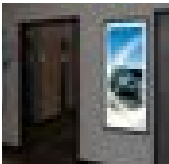

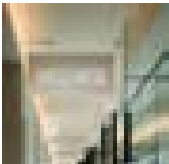

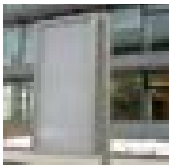

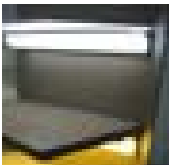

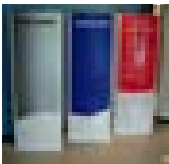

- We work only on professional equipment: you will always get a qualitative product
- Our experience: more than 20 years in advertising and design industry
- We have successfully implemented more than 500 different projects
- Our prices are always competitive: we have a bonus program for advertising and architectural agencies

Our partners work with customers, but we produce the ready solutions.

We invite the distributors and cooperation partners for successful collaboration.
